Overview – Prime AI International

Prime AI International is a low-code/no-code platform built on the WhatsApp Business API, enabling businesses to automate and enhance customer communication with ease.

Founded in 2022, Prime AI International is an AI-powered chatbot solutions provider, as an official technology partner of Meta, we specialize in delivering custom WhatsApp chatbot solutions that improve customer engagement, streamline communication, and reinforce brand reputation through intelligent automation.

With a 60+ dedicated team and proven expertise, we offer tailored, end-to-end chatbot deployments—serving over 3,600+ clients through direct services, white-label partnerships, and on-premise solutions.

Prime AI International empowers businesses to scale efficiently with cost-effective, scalable, and impactful conversational experiences.

WhatsApp API Account Onboarding Process

Required Documents:

- Website:
 - The business or client must have a website that clearly displays the intended WhatsApp display name, along with contact and email details.
 - The website must be live and have SSL security when we proceed with the process.
- Phone Number:
 - The business or client must provide a phone number (production number) to be used for the WhatsApp API account.
 - Ensure that the given number is not currently active on another WhatsApp account before proceeding.
- Facebook Business Account
 - The client must log in to the Meta Business Suite account, ensuring it is fully populated with legal details.

Onboarding Workflow:

- We create the Prime AI International account by entering the company's details.
- Initiate the WABA (WhatsApp Business API) process by clicking the Apply Now button.
- The client begins the Onboarding process using the generated embedded URL, following our instructions.
- Verify the phone number by authenticating it.
- Complete the process.

Facebook Verification Requirements

Basic Requirements (Mandatory):

- A website with Privacy Policy, SSL, and Terms and Conditions.
- A Facebook Business Page.
- A Facebook Business Manager Account.

PRIME AI
— INTERNATIONAL —

Documents Required for Facebook Verification (Submit ANY 2 with the same entity address):

- Company Incorporation Certificate.
- Proof of Company Location and Address.
- Company PAN Card.
- PAN and Aadhar Card of the authorized person (owner or partner of the company).
- GST Registration Certificate.
- MSME Registration Certificate.
- 3 Months' Bank Statement with address or an Electricity Bill with address.
- Business WhatsApp Number.
- Official Business Facebook Page

*Business who operating from Rest of India, can submit their Business License

Important Notes:

- The names on the Facebook Page and Facebook Business Account must match the Company's Incorporation Certificate or MSME Registration.
- If the Facebook Page and Company Registration names are identical, verification will proceed smoothly, and the official company name will appear as the WhatsApp Business name.
- If these names differ from the Company Incorporation or MSME name, verification is not possible and will fail.

OBA (Blue Badge Verification):

- Prime AI International is a technical service partner of Meta, but it's important to note that Meta holds the exclusive authority to grant Blue Tick (Official Business Account) status. For OBA approval, the Press Release (PR) articles submitted must be organic and not self-promoted.
- If the OBA (Blue Tick) application is declined, clients will need to wait for 30 days before they can reapply. We will guide you through the submission process, but the final decision rests with Meta.

Terms & Conditions

- **Dedicated Support & Training:**
 - The client will receive dedicated support and initial training to handle the Prime AI International WhatsApp Business API Account Dashboard.
- **WhatsApp Conversation Charges:**
 - Conversation charges will be debited from the client's wallet based on actual usage. The Deduction will be charge for Submission count.
- **Exclusivity of Pricing:**
 - The pricing quoted above is exclusive of all applicable taxes.
- **Yearly Subscription:**
 - The platform charges mentioned above are billed on a yearly basis. The subscription period begins from the date of Onboarding. The client is required to renew the subscription for the second and subsequent years.
- **Non-Refundable Account Setup:**
 - 100% in advance to proceed onboarding, If the client decides to cancel the account, there will be no refund for payments made towards account setup.
- **Plan Upgrade:**
 - If the client requests a plan upgrade, they must pay the additional cost for the new plan. Pricing details for upgrades will be provided on a case-by-case basis.
- **Flow Revision Charges:**
 - If the client requests changes to the bot flow after it has been initially defined, these revisions will incur a charge of 500 INR per hour of work.
- **Technical Support:**
 - We are committed to providing exceptional technical support to ensure the client's success. The level of technical support offered is based on the specific plan chosen by the client.
